Directors' report

The directors present their report and the audited financial statements for the financial year ended 31 December 2025.

Principal activities

The company designs and manufactures precision metal components for the industrial equipment sector.

Review of the business

Turnover increased by 10.1% to €4,862,350 (2024: €4,415,900), driven by new contracts in the United Kingdom and continental Europe. Gross margin improved to 40.0% as raw material prices stabilised. The directors consider the results for the year and the financial position at the year end to be satisfactory.

Results and dividends

The profit for the financial year amounted to €576,625 (2024: €447,186). Dividends of €150,000 (2024: €120,000) were paid during the year.

Going concern

The directors have prepared cash flow forecasts for a period of at least twelve months from the date of approval of these financial statements. Based on these forecasts and the available bank facilities, the directors are satisfied that the company has adequate resources to continue in operational existence for the foreseeable future.

Events after the end of the financial year

In February 2026 the company signed a ten-year lease for an additional warehouse. There have been no other significant events affecting the company since the year end.

Statement of directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*. The directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company at the financial year end and of its profit or loss for the financial year.

On behalf of the board

Jane Example, Director John Sample, Director

24 March 2026

Independent auditor's report to the members of Example Components Limited

Opinion

We have audited the financial statements of Example Components Limited for the financial year ended 31 December 2025, which comprise the profit and loss account, the balance sheet, the statement of changes in equity, the statement of cash flows and the related notes, including a summary of significant accounting policies.

In our opinion the financial statements give a true and fair view of the assets, liabilities and financial position of the company as at 31 December 2025 and of its profit for the year then ended, and have been properly prepared in accordance with FRS 102.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Sample & Co., Chartered Accountants and Statutory Audit Firm

Notes to the financial statements

1. General information

Example Components Limited is a private company limited by shares. Its registered office is Unit 4, Example Business Park, Sampletown. The financial statements are presented in euro (€), the functional currency of the company, in full units.

2. Accounting policies

Basis of preparation. The financial statements have been prepared on the going concern basis, under the historical cost convention, in accordance with FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Turnover comprises the invoiced value of goods supplied, excluding value added tax and trade discounts.

Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is provided on a straight-line basis: plant and machinery 12.5% per annum, fixtures and fittings 20% per annum.

Intangible assets (capitalised development costs) are amortised over ten years.

Stocks are stated at the lower of cost and net realisable value.

Taxation. Current tax is provided at amounts expected to be paid using the tax rates enacted at the balance sheet date.

3. Turnover

Analysis of turnover by geographical market:

	2025	2024
	€	€
Ireland	2,820,150	2,649,540
